WORK EXPERIENCE

Yukt Softwares

Brampton, ON

Front End Developer Intern

Jan 2022 – May 2022

- Conducted comprehensive source code review and **remediated security** in web applications by analyzing source code thoroughly.
- Enhanced maintainability by encapsulating logics separately in **80+ reusable components**.
- Pioneered and mapped-out basic login and registration for **over 500 users**, anticipated code, yielding a **35% increase** in business growth.

Antixo Global Pvt Ltd.

India

Software Engineer

Apr 2019 – Jun 2020

- Improved and optimized web applications quality and stability through testing and resulted in **12% increase**.
- Forged comprehensive source code review, resulting in a **reduction of up to 25%** in software defects.
- Formulated **productivity by 50%** through implementation of an automated solution.
- Implemented and utilized **memoization**, Lazy loading to prevent re-render and resulting in **15% reduction** in page loading.

PROJECTS

Problem-Solving Strategies

Jun 2022-Present

- Engaged in focused **LeetCode** problem solving, consistently practicing algorithmic and coding challenges to sharpen problem-solving skills.
- Independently conceptualized, designed and developed portfolio and **10+ projects** using Javascript, React.js and Node.js, demonstrating a deep understanding of full stack development principles.

React Quiz Application

Apr 2023

- Employed modern Javascript **ES6+** syntax and React best practices to write clean, **modular** and maintainable code.
- Incorporated **responsive** design principles ensuring the quiz application is accessible.
- Conducted **rigorous testing** and profiling to identify errors resulting in a highly optimized quiz app.

Ecommerce Store

July 2023

- Spearheaded the development of a feature-rich ecommerce store using ReactJs and Material-UI
- Programmed strong proficiency in front end web development and integrated **secure payment** gateway.
- Utilized React state management to handle cart functionality and incorporated **responsive** design principles.

SKILLS

- **Technical Skills:** Problem-solving, RDBMS, SQL, Testing, Front end design, Github
- **Programming Languages:** Html5, Css3, Javascript, Reactjs, Redux, Nodejs, Tailwind
- **Language:** Fluent in English, Hindi

EDUCATION

Lambton College

Toronto, ON

Computer Software and database development; GPA: 3.4/4.0

Sept 2020-May 2022

Relevant Courses: Project management, Database Development

Kurukshetra University

India

Computer Science and Technology; GPA: 3.2/4.0

Aug 2015-May 2019

Relevant Courses: Programming, Data Structures and Problem-Solving
